# "Old Town 'YANKEE MODEL' Canoe"

Steadiness comes nearly as much from length as from width. Consequently the regular seventeen and eighteen footers are steadier than the regular sixteen footers. To meet the

*A beautiful water scene with an "Old Town" for the centerpiece*

demand for a sixteen foot canoe with as near as possible the stability of the longer canoes this wide "Yankee" model was designed. We recommend it to those who let canoes, and prefer the sixteen foot length, because it is so broad it can be entrusted to those who are not accustomed to handling water craft. Its popularity is widespread and many old experienced canoeists are numbered among its friends.

It will behave admirably and vie with any canoe in beauty. It is excellent for fishing and for carrying large loads where a short length canoe is desired. Extras page 45. Stock color Dark Green. Other colors page 39.

## RESPONSIVE AND LIGHT

*"I am now the PROUD owner of your 'Yankee Model No. 154820—16'." My OLD TOWN is really worth the wait—twenty-nine-and-a-half-years worth!*

*That 'Yankee Model' shouldn't be advertised as a 'livery Model.' She is much too responsive and light in the water to be grouped with the barges usually found in such places. She is a perfect 'top-of-the-car, one man-power canoe,' easy to take from the car to the water, soul-pacifying in her element, and not too difficult to place back on the rack."*

Langdon W. Curry
